Green Expert Technology wins tasking to support U. S. Navy Machinery Controls development, engineering, testing and program support.

Haddonfield, NJ May 2, 2016: Green Expert Technology Inc. (GreenXT) today announced that it has received tasking to support the development, engineering, and testing of ship's machinery control systems. In addition, GreenXT will provide programmatic and administrative support to Naval Surface Warfare Center Philadelphia Division.

"We continue to grow our core business of providing support to U. S. Navy machinery programs with a team that provides technical excellence and responsiveness to our customers," said Bruce D. Green, President of GreenXT.

About GreenXT
