New Tasking to provide engineering support to the Navy

GreenXT receives new tasking to support the Naval Surface Warfare Center, Philadelphia

Philadelphia, PA September 28, 2017: Green Expert Technology (GreenXT) has received tasking to provide Hull, Mechanical, and Electrical (HM&E) engineering support of U. S. Navy ships for the Naval Surface Warfare Center Philadelphia Division (NSWCPD). GreenXT will assist in the areas of machinery design, integration, testing, and maintenance for power transmission equipment in supporting Main Machinery Systems such as Propulsion Shafting, Propellers and Waterjets. This work is being performed at the newly opened GreenXT office in Philadelphia located inside the Navy Yard.

K. J. Riepen, Senior Vice President of Operations states, "We are excited to execute this tasking and continue to build upon the exceptional engineering work our employees are doing for customers at NSWCPD."

About GreenXT

Green Expert Technology Inc. (GreenXT) is a small business that provides technical, engineering, and project management consulting to corporations and government agencies.
